FORMER GOV. CONNER SPEAKS TO VOTERS IN INTEREST CANDIDACY

For United States Senator—Introduced by T. Ed Kellar, Supervisor, to Capacity-Filled Courthouse Audience—Friday Morning at 10 O'Clock.

Former Governor Sennett M. Conner, of Mississippi, who aspires to fill the shoes of Senator Pat Harrison, who is also a candidate for reelection, addressed the voters of Hancock county at the courthouse in this city on Friday morning of last week.

Former Sheriff T. Ed Kellar, now member Board of Supervisors, Hancock county, introduced the distinguished visitor in his usual felicitous manner. Conner's address was of length, however, he held the interest of his listeners from beginning to end. Among many things he said:

"The people of Mississippi are not trying to elect a president in this campaign, but a senator," said Conner. "We are all Democrats and all for President Roosevelt. No one can point to one word of criticism for the national administration from me. I co-operated when I was governor and I'll co-operate when I am elected, but I want it distinctly understood I will not be a rubber-stamp senator."

"In attempting to stand behind President Roosevelt, Senator Harrison is using the only means he has ever known to get into office," Conner said. He said Harrison "stood behind Vardaman to get elected to Congress, behind Wilson to beat Vardaman, and now he is standing behind Roosevelt."

"I don't want to hit my opponent over the shoulder of any man. What I want Harrison to do is to come from behind the president and run on his own record and stand on his own feet and fight his own battle."

"Instead, he wants to be elected because President Roosevelt fed the starving masses for the past four years. I think he should be defeated because he and the rest of the gang of 'New Deal' politicians did something to keep this state of affairs from coming about in the years they were there before Roosevelt became president."

"Although Senator Harrison has been in Washington for 26 years, eight as congressman and 18 as senator, he cannot point to a single constructive act he himself originated and put through to benefit the people of Mississippi," Conner charged.

"The records show that Louisiana, Arkansas, Tennessee and Alabama, to the first of the year, had received from \$25,000,000 to \$41,000,000 more than Mississippi in ERA, CWA, PWA, and other monies."

"WPA workers in Mississippi are receiving the lowest wages of any anywhere in the country, \$19 per month, while in Pennsylvania they are receiving \$35, in New York \$72, in Louisiana \$36, and so on, down the line. What has 'Old Pat' done about this situation? Nothing."

"Old-age pensions of \$30 per month are being paid in many states, with the federal government giving \$15 and the state paying the balance. In Mississippi they are receiving from \$2 to \$4 per month, and 'Old Pat' does nothing about it."

He said if "Senator Harrison played less golf he might find more time and be able to do something more for the people of Mississippi than in the past."

No address of former Governor Conner seems complete without a reference to Col. Fred Sullens, scintillating editor of the Jackson Daily News, who calls a spade a spade and an ax an ax. He said while he wanted everybody in Mississippi to vote for him he did not wish that of one person and that was Fred Sullens. Mr. Sullens has frequently charged that when Conner was governor he was so high-hatted one could seldom get to see him in his office unless it be with endless waiting and most of the time without success. He said he didn't care how many times Sullens called at his office he was never "at home" to him.

Preceding Conner two other candidates spoke. They were Albert Easterling of Laurel, and R. Hart Chinn of Biloxi, both candidates for Congress from the Sixth District, opposing Congressman W. M. Colmer.

Enjoyable Outing From Lakeshore To Cat Island

An enjoyable day was spent on Cat Island by a party of friends of Lakeshore and English Lookout, La., as guests of Mr. Lawrence Peterson, who was the most perfect host. The trip on Mr. Peterson's boat "The Irma" will ever be remembered by those who were aboard. The guests from Lakeshore were Miss Lillian Green, Miss Hattie Green, Miss Gladys Boudages, Miss Bernthame Boudages, Mrs. Belle Green, Miss Mary Clair Zimmerman of Waveland, Mrs. Ruth Miller, Mrs. L. LIBRARY MEET FOR TUESDAY

Regular Monthly Assembly Hancock County Free Library Aug. 11

The regular monthly meeting of the Library Board will be held in the rooms of the Hancock County Free Library on Tuesday, August 11. It had been hoped that Miss Stone of the department of English at Newcomb would be able to contribute the review of the month. Miss Stone, however, has been prevented from appearing by other engagements, so the usual monthly review will be omitted.

New books? On the free shelves they are Cornelli, by Johanna Spyri, and an illustrated edition of Hansel and Gretel. Berta and Elmer Hader are the artists. On the pay shelves are Douglas Thom's 'Everyday Problems of the Everyday Child,' and 'The Married Woman,' by Ross and Groves.

Miss Sarah Sue Manning has given a generous stock of magazines.

When slightly and annoyingly under the weather, most people want books—something light, and readable. Usually, the books that appear are detective stories. We have a continuing theory and believe recently been plagued by a mild malaria and a summer cold, we have again proved it to our own satisfaction. If the detective story is good, you stay awake too long trying to make sure who did the dastardly act. If it is not good, you read to the end anyhow, hoping it will improve. In either case, you get less rest than usual.

Our preference in such a time is for a volume just small enough to hold comfortably, but plump enough to last almost indefinitely. A biography is good, but a history is better. The book must not be written in popular style—it is better perhaps if it is not well written, for example, the thesis of a young man aspiring to a doctor's degree. We have an eight-volume history of Scotland written by an unmistakable LL. D. We have been reading it lately.

Three pages of it, and you are asleep. It works as certainly as Max Schmeling's right hand, and much less painfully.

ST. MARGARET'S DAUGHTERS GIVEN BALL BENEFIT

Sum 1000. For St. Stanislaus Netted For Charity Fund Muchly Needed.

Dispensers of charity in the true sense of the word, St. Margaret's Daughters of Bay St. Louis, a Catholic women's organization doing non-sectarian work in the broadest form and applying its work where it is acutely needed, were given a soft ball benefit at St. Stanislaus campus the other evening.

Deservedly, many turned out and a vast assembly of spectators not only enjoyed the game but simultaneously contributed to that cause of "for sweet charity's sake."

When the dimes and nickels were counted that night it was revealed that the snug sum of \$46.00 had been realized and turned over to the then depleted exchequer.

St. Margaret's Daughters operate quietly and unostentatiously. Without fanfare of trumpets and no publicity. Always modestly and effectively. Here are some of the things they do: They provide food and clothing to the destitute in time of emergency. If a stranger is stranded and wishing to go to a place where they may receive welfare attention, medicine or hospitalization, a railroad ticket and necessary traveling funds for necessities are furnished.

If a charity case is at the local hospital they provide for the necessary medicines. The hospital has no funds for free medicine.

In sickness and in death they answer the call and even though their funds are limited to the extent of their meagre means, answer the call. Bay St. Louis' branch of St. Margaret's Daughters was organized some years ago and ever since this little group of valiant women have striven for success, even though at frequent intervals with odds against them. It has been and is still a hard fight but nevertheless they carry on.

CITY ECHOES

—Joseph R. Scharff, owner and operator of the Quality Food Stores, Bay St. Louis, has added a new (Dodge) truck to the equipment of conducting his expanding business, the vehicle conspicuous on the streets for its newness and two-tone paint job, bright red and gray.

—Mr. and Mrs. Paul Planchet had as their house guests, Mr. and Mrs. Albert Backstrom and son Alfred and niece Etta, all residents of Houston, Texas, who motored to and fro. En route the party visited the Centennial exposition at Dallas. Their delightful stay in Bay St. Louis made their trip memorable.

—Local Rotarians, headed by President Norton Haas and Vice-President John Bozeman, journeyed to Biloxi Wednesday evening to attend an intercity Gulf Coast meeting of Rotarians. Clayton Rand, president National Editorial Association, arriving from an Eastern trip of several weeks, was the speaker of the evening.

—Mr. Edward Richeson of New Orleans who with Mrs. Richeson and their daughter, Mary Irene, visited Mr. Andrew Kuhn at Arden Lodge, were delighted with the locality, and the general atmosphere of Waveland. He purchased four lots in the Blythe Subdivision and will probably build a summer home there in the near future.

—Mr. Sherman Cobb, of New Orleans, formerly a frequent visitor to the Bay, was here Friday in company with his mother, looking up old friends and visiting with the local clergy, and Brothers. Mr. Cobb is a bright young man and an earnest student. He is preparing for Holy Orders. At present he is at the Benedictine Seminary at Covington.

—Dr. A. P. Smith was just that lucky at the Pass Christian show-house the other night as to be, unluckily. Here is the tale of joy then the story of woe. His name was called for \$20.00 to be given away at the Avalon Theater last Tuesday night, but he was not present to claim the money. Hence, another \$10.00 was added and the gift will be just that much more added next week.

—Mr. H. C. Doize, who makes his home at the Bay since his retirement from business, occasionally grows tired of listening to what the wild waves are saying and goes to New Orleans where old friends smile and bright lights shine. He falls in step with business and pleasure seekers with ease active to the hilt of active life. After a time he grows tired and is glad to return to his home on the beach. He is at present a guest at the home of his son-in-law and daughter, Mr. and Mrs. Guy Maspero.

RADIO REVENUE The nation's 561 broadcasting stations and eight networks had total revenues of \$86,492,653 in 1935, according to the Commerce Department.

YOUNG MAN SERIOUSLY INJURED

In Sawmill Accident at Standard—Carried To King's Daughters Hospital

The value of the Bay St. Louis King's Daughters Hospital is demonstrated more than once in fact, quite frequently, particularly in time of accident.

Elvin Ladner, 16-year-old resident of the Standard Community, Hancock county, was seriously hurt at the sawmill of Alex Ladner while engaged there.

It appears he was rolling sawdust from the circular saw at the mill and in some unaccountable manner came in contact with the buzzing disk. He was struck on the right side of the head and suffered, according to reports from the hospital, lacerated scalp wounds, extending thru all layers of the scalp; also, longitudinal fracture of both tables of the skull.

He was conveyed to Bay St. Louis Tuesday morning, and was registered as entered at 10:30 o'clock.

He was in the emergency room four hours before doctors completed the delicate operation. They took twenty-eight stitches in his head. He was doing as well as could be expected Wednesday afternoon and his chances of recovery are quite good.

Elvin is well known in the section of the county in which he lives. He makes his home with Mr. Locance Martin.

ZERR'S SWEET SHOP SELLS BUSINESS TO MRS. THEO TUDURY

Assumes Immediate Possession—To Take Entire Building and To Operate Family Club

Mr. and Mrs. Charles Zerr, who, early this spring opened a new business, Zerr's Sweet Shop, in part of the building formerly occupied by the Atlas Drug Store, and prior to that time known as the first A. & G. Theater, sold their business this week to Mrs. Theo Tudury who assumed active charge of the business immediately and will continue to operate it on the plan that won its success.

However, Mrs. Tudury has leased the entire building and plans within a comparative short time to open the larger side as a family club, to which tourists, visitors and others may spend the evening in a handsomely-appointed club room. The feature will be handsome interior, modernly-appointed and equipped, with cleanliness as the watchword. A place where ladies and gentlemen may spend the evening and within the privacy of that equal to a private club.

Mr. and Mrs. Zerr's enterprise was amply rewarded and their efforts to serve the public was not only appreciated by a discriminating public but was well worthy of the

CATHOLIC CHURCH FAIR FOR SATURDAY AND SUNDAY NIGHTS

Annual Benefit Church Our Lady of the Gulf August 8-9—illumination of Grounds to Be Outstanding Feature—To be Two-Night Affair.

Each and every summer for many years—well nigh traditional—two outstanding dates have been the occasion of a mid-summer festival and bazaar, benefit church Our Lady of the Gulf. Home residents and the vast floating population that make for the summer contingent at the seashore, anticipate this two-night affair. It is the crowning achievement of the summer at its very zenith. Its absence would create a void and diligent inquiry would result.

Preparations for this event have been in progress the past several weeks. Mrs. Edmund F. Fahey, ever solicitous for its success, has indefatigably exerted every effort towards a high goal of success and which will beyond doubt be fully realized. Her astute business-like conduct of preliminaries insure success. Much will be accomplished and the enterprise of the ladies is commendable.

In order to defray expenses such vast undertaking must incur, Mrs. Fahey and associates gave several benefits. First a monster card party, then another success—a "penny party" at which some seventy-odd

VISITORS MAKE FINE CATCH OF FISH

James Worrell of New Orleans whose boyhood was spent at the Bay and fished in all the bays and adjacent streams knows no greater delight than to head a party of New Orleans on a fishing expedition and lead them to choice fishing waters. However he claims that fishing as well as many other things has changed with the passing years and before starting out on a trip he consults Johnny Boudages of Waveland, who is considered authority as to where and when fish will bite.

Regardless of rain Sunday morning Mr. Worrell routed the guests at Arden Lodge and in company with Messrs M. Steriwal, Lee Ehlers and Vic Blais set out for a day's fishing in Bayou Cadet. Before noon they had made a handsome catch and returned to the Lodge in high spirits and enjoyed a fine fish dinner before starting on their return trip to New Orleans.

They sold their business because Mrs. Tudury wished the entire building, and will continue the soft drink and cigarette and candy department as run heretofore.

BATHING BEAUTY CONTEST

At Uncle Charlie's Tuesday Night, August 11—Blue Melody Orchestra.

One of the high spots of the season's entertainment at Uncle Charlie's famous Nite Club, (oldest club on the Coast), will take place Tuesday evening of next week, August 11, with a long list of interested entries from this and adjacent territory.

Three trophies will be awarded—to first, second and third place. The beautiful prizes are on exhibition in the show window of the Piazza Barber Shop and Beach Drug Store, and attract the admiration of all passers-by. Mr. Breath says the affair will be well worth while and he has spared neither expense nor effort. The quality and beauty of the trophies prove this.

The Blue Melody Orchestra, Bay St. Louis favorite, will discourse music for the evening. Dancing until 3 a. m. It will be well to make reservations in advance, however, Mr. Breath states he has arranged to take care of one of the largest crowds yet. The bathing-beauty contest is always a popular feature and attracts many. This occasion will not be the exception.

Bay St. Louis will turn out in large numbers and the Coast and interior generally sends a large delegation, to say nothing from New Orleans.

S. S. BLDG. IS FORMALLY DEDICATED

Bishop H. M. Dobbs, Head Of This Methodist Episcopal District, Officiates, at Exercises

Despite the inclement weather Sunday forenoon, a large gathering assembled at the First Methodist Church to attend the dedicatory services of the church's new Sunday School Building, which is free of debt. This spacious structure was erected some two years ago and services to advantage. It is well planned for the purpose, of attractive appearance and an acquisition to the city.

Bishop Hoyt M. Dobbs, of Shreveport, La., delivered a splendid address at the 11 o'clock services at the church, one of the best addresses heard here in many a day. It was a classic of thought and words and carried a message of lasting value. Well it might be said, it was non-sectarian. An address for one and all and a something that each and everybody carried away home and for future thought.

Following the services the simple dedicatory exercises took place. The Bishop was assisted by the pastor, the Rev. R. E. Gray, and the Rev. L. J. Power, presiding elder of the Seashore District.

The choir was under the direction of Mrs. Carl Smith as organist and Miss Mary Perkins, director of voice. The Rev. Bishop and Mrs. Dobbs and Rev. and Mrs. Power were luncheon guests Sunday of Rev. and Mrs. J. E. Gray at the parsonage after the ceremony.

CHICKEN CENSUS

Counting the chickens of the nation is the new job of the Department of Agriculture in order to set up a regular crop reporting service for the 6,000,000 poultry raisers.

All is quiet on the Soft Ball front since the Cedar Point Stars and the Mid-City Stars clashed Friday night. They were fighting for position, and the Mid-City Stars checked up their first victory, to them the sweetest victory of the season. The Mid-City boys looked greatly improved and will make a good showing in the next half. For Capt. Jimmy Jones, Netto and Johnson formed the batteries; for Capt. Blaize, Gilbert and Blaize. Score, 9 to 5.

Racketeers Take Clerks The Racketeers continued their march when they won over the Clerks. This was a hotly contested game. The Clerks outlasted the Gamblers 9 to 6, and it was anybody's game until the very last play; finally the game ended 6 to 5 in favor of the Racketeers. Batteries for the Clerks: Murphy and Ladner; for the Racketeers, Bonemps and Blaize. Clerks Lose Another Hard Game.

Monday night found the Clerks fighting hard but the Commissioners were a bit too strong for them. The game ended 7 to 5 in favor of the Politicians. Nolan Ladner and Sylvan Ladner did some good hitting for the Clerks, getting 2 out of 3. Strong and Eddie Blaize hit well for the Commys. Manager Perkins smacked one for four bases. Geo. Seuzeneau got a taste of the game with the veterans Sunday night and now he is in the line-up with Grady.

Knights Break the Shell. In a hectic game, filled with errors and wild pitches, the Knights of Columbus won from the Shell 17 to 7. The Shell seemed punch drunk from the defeats handed them by the Racketeers and Commissioners so they were not up to form. Bobby Camors and Bopp continued to hit the ball hard, each getting 2 out of 3 times up. Leo Blaize got 2 out of 2, John Scaffide got 3 out of 4.

Games to Be Held on Three Nights. During this coming week, starting Monday, the Soft Ball games will be held on three nights: namely, Monday, Thursday and Friday. There will be no game on Tuesday due to the fact that a bathing review will be held at Uncle Charlie's Night Club. The new schedule for the second half has not been completed, but will be made public as soon as possible.

Standing of League	
Commissioners	Won 6 Lost 1
Racketeers	5 1
Knights of Columbus	5 2
Shell Oil	4 3
Clerks	3 4
Mobile Express	2 4
Mid-City Stars	1 5
Cedar Point Stars	0 6

Benefit Game of Sunday Night. The benefit game held last Sunday furnished the fans with amusement and surprises. The following men took part in the game: A. Loiacano, T. Trapani, H. W. Osolnach, Son Colson, Mayor Blaize, E. Simons, A. Schiro, J. R. Scharff, C. A. Banderet, Judge Ladner, Pike Telhiard, Sr., Frank Dillman, Cotton Blaize, Ernest Quintini, Sam St. Angelo, Capt. Pairs, Chas. Gordon, H. LaRose, Geo. Seuzeneau, Otto Fayard, A. J. Favre, E. Arnold, Geo. Cuevas and F. J. Bopp were the umpires.

The fans thought the veterans could not play ball, but they were due for quite a few surprises. The batteries: Otto Fayard and A. J. Favre; Mayor Blaize and Chas. Gordon could be signed up by the league. Red Chapin was a real master of Ceremonies in picking out the teams and announcing every player as he went to the bat. This was Big League stuff. He also showed discretion in calling the game when the score was tied up at 6 runs each. We understand that these same players have signed up to play for the benefit of the King's Daughters on August 16th.

PAINTING AND RECONDITIONING THE TOWN.

NEW ORLEANS has started a campaign of reconditioning buildings in the business heart of the city that other places might well follow to advantage, even though New Orleans has long neglected to do so.

The Chamber of Commerce and other leading organized citizens of that city have started a campaign on Canal street that is already showing marked effect.

Canal street is one of the outstanding shopping boulevards of America. Few cities in America boast of such retail business thoroughfare. Los Angeles has its famous Wilshire boulevard and the movie capital of the world has its internationally famous Hollywood boulevard, but even at that Canal street retains a certain amount of its fame.

However, buildings and shops have fallen into a state of apparent neglect and a general shabbiness pervades the air.

But with the new impetus many buildings on Canal have already been transformed into their original newness and freshness and the work seems to be infectious. The fellow next door is having his place painted, the man across the street likewise and so on down the line until this kind of improvement, it is said, will in time, spread over the city. New Orleans can stand a whole lot of this treatment.

This holds for the smaller town as well. The public will trade at a business place housed in a dingy and dilapidated building just as a poorly lighted store fails to draw trade.

We in Bay St. Louis lack the line of fancy shops and attractive business buildings as a resort and tourist town should. The local man might trade where he may procure credit and plenty of time to pay, but the potential customer with the cash will go to the bright and good looking places; to interiors where the goods are so placed and presented in such manner as to prove irresistible and a general atmosphere where order and neatness is paramount.

DROPPING MRS. JARRETT.

MUCH has been written about the dropping of Mrs. Eleanor Holm Jarrett from the United States Olympic team and the withdrawal of her name from the 100-meter backstroke swimming event which she won four years ago at Los Angeles.

Never before has it been deemed necessary to take such drastic action against a member of the Olympic squad on the eve of the games. Mrs. Jarrett, it seems, broke training, attended parties on shipboard and drank "too much" according to her own admission. After warnings she continued her course and in the words of one coach, "She asked for it; in fact, she begged for it."

The discipline of the squad required that some action be taken and we do not see where the officials could have done anything else, as much as we admire the swimmer's ability and regret to see her out of the games and without the chance to continue unbroken her seven years of unbeaten competition. We agree with her boast that she "can beat anybody in the world," but, apparently, she has a lesson to learn about self-control and obedience to authority.

The charges that Mrs. Jarrett hurled at the officials, after learning they would not reconsider her case, have nothing to do with the affair, although they may lead to further investigations. It is significant that the swimmer was not concerned with these things and made no complaint until she used them as a counterblast to her own own astonishing dismissal from the team.

DENTISTRY FOR CHILDREN.

WHILE no claim is made that perfect teeth result in wonderful beauty and guarantee long life, the dentists of the nation do insist that parents who see that the teeth of their children are properly cared for, will prevent suffering and trouble later in life.

Most medical work is along preventive lines and so we are not surprised that many dentists insist that "the only hope of real progress lies in the prevention or early control of dental disease." To the parents of Hancock county we urge that this important matter be not neglected.

In some communities we now find dentists employed by the schools and county authorities. These doctors go about the district looking after the teeth of school children. In these sections the significance of children's dentistry has been recognized and the children in unfortunate circumstances are insured a fairer chance in life.

BALLYHOO.

THE McComb Daily Enterprise asks have you ever sat down and analyzed the political vocabulary of Mississippi—Liar, Skunk, rattle snake, balleyed, horse thief, etc. The Enterprise says it is an illuminating, invigorating and somewhat nauseating mess. Continuing:

The reason politics is so nasty is that people want it that way. To enter in a political gathering in Mississippi there must be yards, ridicule, irony. It is no wonder a stump speech is usually such a ridiculous performance. But as long as voters demand entertainment in preference to thoughtful discussion, just that long will shrewd politicians meet the demands of the hour.

Voters might demand this form of entertainment but they generally vote the other way—the right way.

SCHOOLS OF CHARACTER.

THIS is the time of year when parents, guardians and others are thinking of the school for next year. Many wish to send their boys and girls away. The reasons are obvious. By next year is meant next session—next month. It is not too early to select a good school and one located where healthfulness is an important consideration. The Mississippi Gulf Coast excels in schools. There are various institutions—to meet all requirements as varied as they may be.

St. Stanislaus College in Bay St. Louis offers much to the boy seeking a preparatory education; where both mind and body are well developed and given thorough care. A school noted for its splendid moral training, physical attention and where the boy is well schooled. Nearing its century mark, St. Stanislaus has ever stood for all that a boarding and day school could call for. It has sent forth into the world thousands of young men who have made their mark in the world and to whom success has come in unlimited measure.

Opening the early part of September, already many have enrolled. More will follow. And many will plan later to join the ranks of St. Stanislaus collegians.

For girls and young ladies St. Joseph Academy is pre-eminent among the best, where the good sisters inculcate not only academic learning, but give special attention to moral training and the various accomplishment desired so much for the education of a young lady. Developing the mind, building sound bodies and training of character are essentials not lost sight of by the local schools.

Both St. Stanislaus College and St. Joseph Academy have issued attractive catalogues for the forthcoming session. These may be had for the asking and without incurring obligation. A further insight into these institutions may be gained by a copy of the catalogue. A letter today will produce a copy.

The Echo has every confidence in the intelligence and sound thinking of the people of Mississippi. The results of August 25th will tell.

JOY OF LIVING ON THE GULF COAST

DESPITE Sunday's rain during the earlier part of the day great numbers of people motored out from New Orleans and adjacent territory last week-end, using the Shortcut Highway, saving some fifty-odd miles, round trip and from the Bay section.

Each week the influx increases until the number will have reached its highest peak Labor Day. Our New Orleans friends are fond of this section. They have a predilection for the Mississippi Gulf Coast over the other summer resorts communities that nestle in the pines of Lake Pontchartrain in St. Tammany; to Grand Isle and down the Mississippi river where the orange groves do best, and over to the southwest Louisiana sections where sugar cane is supreme.

Lakeshore, Clermont Harbor, Waveland, Bay St. Louis, Henderson Point, Pass Christian and over as far as Biloxi and Ocean Springs are names that lure; to conjure with. Synonymous of all that means for summer delight. Bathing in the briny waters of the Gulf, fishing, boating are no small attractions. Motoring along the gulf strand bordering Mississippi Sound is inviting and the call of the open road, whether it be on the beach or in the land of the soothing pines, is well nigh hard to resist.

Nowhere is there such combination and at so easy reach. And it is no wonder thousands each week-end visit the Gulf Coast section, to say nothing of the number who spend a while and others visit during the week. Try to match this combination and other sections and it becomes a futile effort.

The Mississippi Gulf Coast is the best bet. The place to live, to be happy and to procure the joy of living in its fullest sense.

Senator Harrison's manner of campaign wins the admiration of all. There is no billingsgate. He never strikes below the belt.

OUR ENORMOUS FIRE LOSS

MORE than half of a billion dollars worth of property goes up in smoke every year in the United States. More than 14,000 lives are lost through fires that occur, many of them, through carelessness.

The figures will probably indicate a higher loss this year. The campaign for carelessness seems to have missed a few cylinders. The average citizen insists upon taking too many chances and the fire demon burns up too much property.

The figures carry a lesson to the people of Bay St. Louis. It is the duty of every citizen to do his or her part to cut down the enormous economic waste.

The only way to do this is to practice carefulness yourself. Don't bother about neighbor John, or Sister Sue; get lined up on the need of precaution and refrain from joining the ranks of those who wantonly and needlessly cause the thousands of fires which occur through carelessness.

PROVING CIVILIZATION.

IF a savage suddenly remarked to his neighbors that a new comet was in the sky, they would look upward without seeing it. When he explained that he saw it through a tube, fitted with glasses, they would call the chief priest for the purpose of preparing a fire test. If the astronomer insisted that in three days, he would tell them its size, where it traveled, when it would be closest to the earth and that in thirty days they could see it with their eyes the savages would probably burn their companion alive.

Once we were like the savages. Nowadays, thanks to intelligence and a general appreciation of the sciences such an announcement causes little general interest. No one doubts the truth of the scientific astronomer's statement. Such discoveries happen every year without comment or terror on the part of the people.

Civilization, it would seem, is moving forward. Progress can be seen when we compare the attitude of primitive people towards that of advanced people.

The moral is: Just because the papers are filled with murder, divorce, scandal and graft stories, don't forget that the world and its people have improved and are improving every day.

STAND PAT WITH PAT

If your love for Mississippi
Makes you wise to men worth while,
If you crave to save the Senate,
With the salt of all the earth,
If you want a John Sharp Williams,
Peer of Walthall or Lanier,
If a James Z. George you're after,
Or some other Senate star,

Pat's the solon you are seeking.
Pat's the boy to fill the bill.
Pat's a pilot, tried and trusted.
Pat has proved his strength and skill.
Pat's the pride of all our people,
Every inch a Democrat.
Read his record, undistorted,
There is dynamite in that.

Slime and slander cannot cover
What our Pat has said and done.
Scan his speeches, read his record,
Weigh his battles, fought and won.
See him standing at attention,
Eager for the call to fight.
Pat can lead and Pat can follow.
Pat is more than peerless knight.

Pat is proud to be a private
When his party takes the field,
Proud to listen to his leader,
Proud, but not too proud, to yield.
Though exalted by the Senate
To the status of a star,
Though he stands a right-hand bower
By the side of F. D. R.

Pat's the friend of all the poorest.
Pat has kept the common touch.
Pat was poor himself in boyhood,
So he knows the needs of such.
Though he towers in his triumphs,
Though resplendent in renown,
Pat's the tribute of the people,
Though he wears a glory gown.

If your love of Mississippi
Makes you wise to men worth of,
If you crave to save the Senate,
With the salt of all the earth,
When you come to cast your ballot,
Like a loyal Democrat,
Prove allegiance to your party,
MAKE YOUR BALLOT OUT FOR PAT.

"FLORIDA SPECIAL" FOUND KNOCKOUT FARCE-THRILLER

Jack Oakie and Sally Eilers
Score in Mystery-Comedy Set Aboard Speeding Flyer.

It's unheard-of—but it's true—a squadron of police meet a gang of crooks at a railroad station with a brass band instead of Tommy guns! It happens in "Florida Special," the new Paramount mystery-thriller starring the A. G. Theaters, Sunday and Monday, featuring Sally Eilers and Jack Oakie, and it's just one of a dozen situations that keep audiences in an uproar of mirth.

A fast-moving drama, packed with thrills and mystifying situations from start to finish, the action of "Florida Special" is laid on a speeding train and every moment of the story moves along as rapidly as the panorama of the countryside past which the Florida Flyer madly rushes.

Cagey Crook

Jack Oakie tells one about the movie star, turned crook, who would not let the cops print his finger prints until he okayed proofs. This gem was produced during the making of "Florida Special," Oakie's latest picture.

"Schlepperman" has finally reached the screen! The whimsical accent that has dominated the laughs on Jack Benny's radio program for several years, comes to life in "Florida Special," the dramatic farce featuring Jack Oakie and Sally Eilers.

"Schlepperman" is Sam Hearn, veteran of the stage and air waves, and his appearance in "Florida Special" marks the beginning of his screen career. But it was a long and devious route that brought Hearn to the screen.

"Florida Special" is funny as well as thrilling. Sam Hearn, famed as "Schlepperman" of the Jack Benny radio program, is seen in his first screen role. Others in the fine supporting cast are Claude Gillingwater, as the millionaire; J. Farrell MacDonald, as a detective on vacation; Frances Drake, as the millionaire's niece; Sidney Blackmer, as head of a gang of crooks; and Dwight Frye as the secretary.

The picture was directed by Ralph Murphy from a story by Clarence Budington Kelland.

TIME TO PLANT LATE SUMMER AND FALL GARDENS

**County Demonstration Agt.
Gives Valuable Information
For Late Summer
And Early Fall**

By JEANETTE HUNTER

If we are to have an adequate supply of vegetables for fall it is now time to begin thinking of a late summer and fall garden.

Whether for immediate or for later plantings the garden soil should be in the best condition possible for the reception of the seed, plants and water.

If soil is broken to the depth of 10-12 inches it will retain for plant growth 2 or 3 in. of rainfall. The following suggestions are offered for garden crops that may be planted anywhere in the state; Give the same distance between rows and between plants in the row and cultivate as for spring garden, but use seed liberally and cover deeper than was necessary during spring.

The same varieties of beans may be used for fall gardens as was used in the spring.

Some varieties of cabbage that might be used are Charleston, Succession, Copenhagen Market. Sow 2 to 3 seeds to each inch of drill in a furrow about one inch deep. Keep beds moist, not wet, and shade from mid-day sun until plants are up and well rooted when sufficiently developed for permanent planting. Wet the bed thoroughly and carefully dig the plants. Furrows or holes should be of such width and depth that when the plants are set and soil is properly placed each plant will stand up right. During dry warm weather set plants later in afternoon and apply at least one pint of water for each plant. Shade from mid-day sun with paper, straw or like material for a few days. The varieties of Collards that might be used are: Southern or Georgia. These should be planted and treated as cabbage.

Additional and more detailed information on gardening might be secured from the Home Demonstration Agent's Office.

Revenue Increases

MISSISSIPPI'S tax income is growing steadily in volume. For the month of July, the nine special taxes administered by the state tax commission yielded almost a million dollars, establishing an all-time record for collections by that agency. The reasons, according to officials, is the revision of certain features of these revenue laws and the addition of more field men to the commission's staff. Then, too, it is believed that the use of the sales tax tokens has had something to do with it. But the big growth is reported by the state auditor in the collection of motor vehicle license and mileage taxes. This source of revenue was almost three times as much in July this year as during July last year.

After Timber Thieves

Attorney General Greer L. Rice has declared an "open season" on timber thieves, who, he says, are rapidly denuding state-owned lands of valuable timber resources without taking the trouble to pay the state for it. He has taken the matter up with county authorities in the hope of encouraging suits for the recovery of damages from persons who have cut the timber. Under an act of the recent legislature attorneys prosecuting such suits are to be paid a fee—20 per cent of the amount recovered—for their services, making it an attractive proposition in most of the counties. The counties will share in the receipts from such suits and General Rice declares it gives them an opportunity to bolster their treasuries.

In the Campaign

Dennis Murphee has obtained a leave of absence from the national emergency council to take the stump for Pat Harrison's re-election. Kelley Hammond has quit his PWA job to take the stump for Mike Corder. Thus two more voices are added to the bedlam that is already going on with the daily clashing of the two sides in the senatorial battle.

A FEW AFTERMATH THOUGHTS FROM A TRIP OUT WEST

Every street car in San Diego carries in full-sized letters over the total space atop the windows "Ride and Relax." Permanently painted and as a part of the factory work producing the cars, it is a challenge to the automobile. And, how many street car lines there are in S. D.? Plenty!

At Yuma, Arizona, where the thermometer rises to 120 or more, one of the larger hotels seen from the S. P. car window, carries this mammoth sign: Rooms, \$2, \$3, and \$4. All private baths free.

In San Diego one pays on leaving the car. You get your ride first. Then 'pay the man.'

In the same city churches there formerly locked the pews on Sunday after filled, to be reopened when services were at an end.

No fruit grown out of State is allowed to be shipped into California. This is a precautionary measure taken by the state agricultural department to guard against pest and subsequent disease to trees. In turn it protects the home growers against competition. This is hardly possible with cherries 4 pounds 15 cents, plums five pounds for 10 cents, large peaches, the best, at 10 cents dozen, melons at 1 1/2 cents per pound. Honeydew melons, two for 15c.

U. S. Grant Hotel, one of the largest west and delux hostilities, was built by U. S. Grant, Jr., as a monument to the memory of his father. Built years ago it still remains one of the outstanding hotels of the country.

In Los Angeles, San Diego and other California theaters, movie houses run two feature reels and short subjects for the price of one, generally 25 cents day and a little higher at night. Ritzy movie houses, such as Grauman's Chinese theater at Hollywood, show only one reel, first-class, high-grade films but at greatly reduced admission prices over the former schedule.

At San Francisco, while crossing the bay over the S. P. ferry, en route to Oakland the traveler asked the guide, Have you any missions hereabout, or are they only located in the Southern California? "Friend," promptly replied the ubiquitous guide, "by the time tourists reach here from Southern California they are so fed up on missions we never mention them." Long silence.

In territory Los Angeles claims to be the largest city in the world. Its population is one and a half million, not including suburbs.

Few know international headquarters and institution of academic learning of Theosophical church is located at Point Loma, San Diego, moved years ago from Europe to this country. One pays fifty cents to enter the vast gardens and visit the building, guide cost included. Unusual and handsome buildings. The Greek open air theater is a classic of architecture. The temple has a dome of glass without column support, a marvel of engineering. The art school has a similar one but somewhat smaller.

El Paso, Texas, has the auto meter along sidewalks in the business district. The meter stands about five feet high on an iron pipe or stake from the edge of the sidewalk. The autoist, wishing to park, selects a vacant place, drops coin in the meter and a little green flag of celluloid rises, signifying this space is paid for and is good for one hour. After the time expires the flag drops automatically. If the car still remains parked it is tagged and the police attends to the owner. Many do not park the full hour. In this instance, someone else parks for the balance of the unused time, or, until the flag drops. This would be fine where many park in front of drug stores and other places in the city for no purpose whatever save keeping business away.

Hub Salary Rate For Teachers Is Clerk's Average

A salary survey conducted in Hattiesburg shows that school teachers are paid only slightly more per week than girls employed as stenographers, factory workers, waitresses or store clerks.

A census gave the following figures as the average weekly pay for the various classes: Teachers \$17; industrial workers \$10, waitresses, including meals and tips, \$12.50; stenographers \$12.50; "five-and-ten" store clerks \$11.50; department store clerks \$14.50.

Estimating the cost of acquiring a college degree plus the sum lost by a college girl who chooses a higher education instead of a business job, it is shown by the survey that a girl must teach for 16 years in Hattiesburg before she begins to earn anything.

This and That at The Meeting.

At 7:55 o'clock Monday night, August 4th, regular monthly meeting of the Mayor and board of Aldermen of the Town of Waveland was called to order. Meeting began with the reading of the minutes of last month, by Secretary Frank Miller. Following reading of minutes, Alderman Clarence Hava of the 4th Ward, opened the argument of the evening by protesting to a minute that pertaining to the equalization of taxes, which in his opinion he did not seem to think altogether equal.

Protest against the "equalized taxes" bill was made by Mr. Sam B. Keene of the 3rd Ward. Mr. Morning also of the 3rd Ward and an argument by Mr. Kammer of the 3rd Ward. Other arguments and protests were made by Mr. E. G. Ruhr, Mr. August Ruhr and Mr. O. S. Brierland of the fourth ward. A protest was also made by Mr. W. A. Ruhr of the 1st Ward.

The electric fan in the council's chamber, seemed to give some of the aldermen quite a bit of trouble, during the arguments presented by the said citizens. The fan really should be repaired.

After a brief discussion about the need of repairs on the city streets in the Town of Waveland the meeting was recessed at 9:35 p. m., until Monday night, August 10th when the matter of "equalized taxes" it is hoped will be settled.

In these primaries Mississippi Democrats will nominate a candidate for U. S. Senate, and a candidate for Congress from each of the seven congressional districts.

At the last meeting of State Democratic Executive Committee, on Tuesday, July 21, Judge W. D. Anderson, an associate justice of the Supreme Court, and Hon. Mal Doxey, congressman from the 2nd district, candidates for nomination to succeed themselves were declared the Democratic nominees for these offices.

In connection with the holding of these primaries—the first to be held by the State since the enactment of the Corrupt Practice Act of 1935, it may be interesting to call the attention of my readers to certain requirements governing voters in this year's primaries.

With the amendment of this law, the voter, in offering to vote must present to the managers his or her poll tax receipt due for 1935, which must have been paid on or before February 15th, 1936. When present, one of the election managers will stamp on the back of said poll tax receipt the following: "Voted primary election, ___ day of, ___ 19___ precinct," giving the date of the election and the name of the precinct.

Another requirement, different from the past, is that when the voter applies to vote, he must sign his name in a receipt book, which is used by the managers in lieu of a regular poll book. If the voter for reason is unable to sign his or her name, they may have the assistance of a manager.

These are the only two requirements that will be made of the voter in this year's primaries, different from the past.

If the voter has lost or mislaid his or her poll tax receipt, they may secure a duplicate of same on application to the Circuit Clerk, with the payment of a 10c fee.

Persons exempt from payment of poll tax by reason of being over 60 years of age, or by reason of becoming 21 years of age, and not liable for poll tax for that particular year, shall secure a certificate by application and presentation to the Circuit Clerk of an affidavit of a statement of facts, and presenting said certificate to the election managers instead of a poll tax receipt. If a voter loses such certificate, he secures a duplicate by applying to the circuit clerk and paying a 10c fee.

The Secretary of State, charged by statute with the publication, custody and distribution of the bound session laws, or acts of the legislature, is now receiving daily from the contracting printer, the bound volumes of the laws of 1936, and sending them out to the state, state district, county and county district officials as prescribed by law. The allotment of laws for the several counties and county district officials are enclosed in one package for each county, said package being forwarded prepaid to the chancery clerk of the county for distribution to the county officials, supervisors and justices of the peace of his county. All books for county officials have a label attached, showing for what officer it is intended; five copies are included in a package therein and labeled for the members of the board of supervisors, and sufficient copies included in another package therein, and labeled for the justices of the peace of the county. All county and beat officials of the several counties are requested to call on their chancery clerk for their copy. However, all county packages, are being shipped

LEONARD NICHOLSON FIRST TO SEEK BERTH IN NEW COAST HARBOR

New Orleans Publisher and Bay-Waveland Summer Resident Files Application to Place Yacht at Pass Christian Waterway.

Commodore L. K. Nicholson, president of The Times-Picayune Publishing Company, New Orleans, called upon County Supervisor E. J. Adam, Sr., at his home in Pass Christian Tuesday to file the first application for a berth in the harbor now under construction at Pass Christian for his yacht, the Picayune IV.

Mr. Nicholson complimented those at Pass Christian who are promoting the harbor project for the much needed facility for boats, and predicted that it will afford a safe place to a large number of boats which will be brought to the coast by summer visitors.

"The interest manifested by Mr. Nicholson is not only highly appreciated by the people of that city but by those of the entire coast," Mr. Adam said.

Clad Only in BVD**

Sam Brauer was under court order to refrain from daily trips to the ice house, pushing a baby carriage while clad only in underwear. The 59-year-old Miami Beach resident was brought into court in his loose-fitting undergarment after a neighbor complained of his attire.

Associate City Judge Otto C. Stegmann imposed a \$10 fine but suspended sentence, with a warning against further underwear strolls. Brauer insisted that he was not improperly dressed because he had on more clothes than the average surfer seen on the streets. The baby carriage, he explained, was used to carry the ice.

U. S. protects to Japan over incidents in Peiping.

Legislatures of the past several years have authorized a number of special investigating committees for various purposes. But we know of no committee of investigation that has functioned during these years and that has labored more diligently, more effectively and more non-politically than has the joint legislative committee, designated by the House and Senate of 1936 and authorized to investigate the alleged evasions of the tax on gasoline and other petroleum products, the abuses of the gasoline refund law, the automobile, bus and truck privilege laws, and the automobile, bus and truck taxes, etc., as provided for by Senate Bill No. 545, which is Chapter 226 of the Laws of 1936.

This committee is composed of the following members of the legislative committee: Senators J. S. Watson, chairman, of Holmes county; John C. Mulkin of Warren; G. B. Herring of Madison; Joe Cook and other petroleum products; the abuses of the gasoline refund law, the automobile, bus and truck privilege laws, and the automobile, bus and truck taxes, etc., as provided for by Senate Bill No. 545, which is Chapter 226 of the Laws of 1936.

These gentlemen have labored diligently and have not allowed politics or political preference to enter into their activities in the least degree—in fact it is the committee's challenge that if any man or men can establish the fact, or bring to evidence that they have been actuated by politics in a single instance, they will cease from their labors and tender their resignations.

An appropriation of \$35,000.00 was made to defray the expenses of this committee, and Chairman Watson states that the committee has spent in actual committee expense only \$17,700.00 up to date, and that his committee has collected in actual cash far more than that amount, hence the committee has not cost the taxpayers of Mississippi one cent so far.

Mr. Watson states that, including the personnel of the committee itself, they have a total of twenty-four people on the pay roll, which includes a number of the best detectives they could find, and all of these are still working and will continue their work. He states that up to this time, there have been 20 indictments returned into court as a result of their findings and investigations, and he believes that the State of Mississippi will be saved in the future no less than three million dollars annually. He also states that his committee has saved to the State an amount on the purchase of automobile tags this year equal to the cost of the committee's expenditures thus far.

If and when the legislature meets in extraordinary session, this year the committee's deliberations will end, by provisions of the law creating same, unless further legislative action is taken in the matter. The committee does not prosecute any violation that they discover, but simply turns the matter over to the authorities of law.

MURPHREE AID FOR SENATOR HARRISON IN PUBLIC STATEMENT

Says the Defeat of Mississippi's Senior Senator Would Be a Tragedy to State

Former Governor Dennis Murphree, of Jackson, director of the National Emergency Council, at Jackson, Tuesday, announced his readiness to take the stump for Senator Pat Harrison.

Governor Murphree said, "I believe sincerely that the defeat of Senator Harrison would be a tragedy," and offered to "tell my friends why I think Pat Harrison should be re-elected."

The former governor and lieutenant-governor, returned to Jackson from a 14-day tour on the Know Mississippi Better train, which he originated a number of years ago to boost Mississippi and her products.

The 1936 tour carried the train through the northern United States and Canada. "I was gratified to find everywhere," Governor Murphree said, "keen interest in the reelection of Senator Harrison to the United States Senate."

"I was happy to find," he added, "that in the Dominion of Canada the name of Pat Harrison is well known and much interest is manifested in his re-election."

In declaring that he believed the defeat of Senator Harrison would "be a tragedy," Governor Murphree said, "I am supporting him wholeheartedly."

He said he had asked for "a leave of absence, without pay, from my job and am ready to take the stump anywhere and tell my friends why I think Pat Harrison should be re-elected."

Governor Murphree is one of the leading figures in political life in Mississippi. In the last gubernatorial election he polled 92,997 votes over the state in the first primary.

He retired as lieutenant-governor early this year and shortly afterwards was named director in Mississippi for the National Emergency Council, correlating agency for the federal government in the state.

N. O. Car Owners Protest Against Parking Meters

Bartholomew E. Sceroler, president of the Automobile Owners' Protective Association at New Orleans, announced that members of the organization would meet to launch a campaign against the proposed installation of parking meters in the business district.

It has been proposed to install the meters, which carry a 5 cents charge for an hour's parking, on August 15.

"We believe not only that curb meters will not help the traffic situation any," Mr. Sceroler said, "but that they will make conditions worse and will prove a hardship to the public in general."

"I understand it has been tried elsewhere and found to be impractical as well as unpopular. We will appreciate the aid of far-sighted, civic citizens in preventing such a move, if possible."

BUSINESS INTERESTED

The interest of business in the drought disaster is plain. Loss of crops would mean higher prices, with consumers spending more for food and less for other commodities.

SIGNIFICANT

Significance attaches to the RPC's interest in railroad consolidations because most of the roads are heavy borrowers of funds from this Government agency.

THE ECHO'S COOKING CLASS

(Dedicated to Mrs. H. Grady Perkins)

THE housekeeper should take advantage of the many vegetables which the summer bring us by pickling the surplus. Pickles are an aid to digestion, in addition to which they serve as a spicy flavoring. These recipes are not difficult to make, try them.

Easy To Make Pickles

Cucumbers
1 cup sugar
1 cup salt
1 cup dry mustard
Vinegar

Wipe cucumbers with a damp cloth but do not wash. Pack closely in a 2 gallon jar to within 3 inches of the top. On top of the pickles put the sugar, salt and dry mustard, made into a paste, with vinegar. Fill the jar with vinegar and put a weight on top. They will be ready to use in about two weeks. These sour pickles can be used to make sweet or other fancy pickles or relishes.

Pepper Hash

2 dozen red bell peppers
1 quart vinegar
3 cups sugar
6 onions
1 teaspoon salt

Remove the white fibre and the seed from the peppers. Peel the onions. Chop both finely, pour boiling water over them. Let stand 5 minutes, drain. Cook together the vinegar, sugar and salt; add peppers and onions. Boil up once. Put in sterilized jars and seal closely.

Cucumber Relish

1 quart cucumbers, sliced thin
2 large onions
Vinegar
1 large sweet pepper
1 cup sugar
Salt

1 teaspoon mustard seed

1 teaspoon powdered horse radish.
Sprinkle sliced cucumbers with salt. Let stand 3 hours. Drain. Cut onions and pepper fine and add to the cucumbers and spices. Cover the whole with vinegar, being careful not to use too much. Heat thoroughly, but do not boil. Seal at once.

Sweet Pickled Beets

Wash beets thoroughly and cook in clear boiling water until tender. Plunge into cold water and slip the skins off. Make sweet pickle syrup by boiling together sugar and vinegar, in the proportions of 2 cups sugar to one cup vinegar. Place beets in hot syrup and let boil a minute or two. Pack in hot sterilized jars. Cover with hot liquid. Seal.

**Nervous, Weak Woman
Soon All Right**

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders of Paragould, Ark. "It was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt wonderful. I gave Cardui to my daughter who was in about the same condition and she was soon all right. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."
